

Assembly Instructions: Knoll® Antenna® Adaptor MON-ADPTKA-P

Parts

Required, Sold Separately

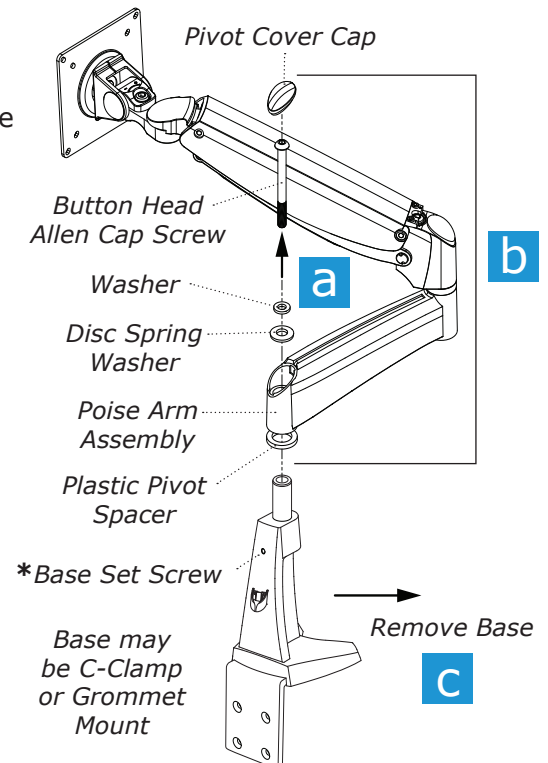

Verify that you have all the hardware and tools needed for the assembly.

2.5 mm Allen wrench (C) provided
 5 mm Allen wrench from Poise hardware kit
 Tool specified for Knoll Antenna Center Beam Side Mount screw from manufacturers instructions

1 Disassemble Poise Monitor Arm to Remove Base

- a Remove Poise Monitor Arm from the base by removing the Pivot Cover Cap and using the 5 mm Allen Wrench from the Poise hardware kit, unscrew the Round Head Cap Screw until screw detaches from Base.
- b Remove and set aside the Pivot Cap, Button Head Allen Cap Screw, Steel Washer, Disc Spring Washer, Poise Arm Assembly and Plastic Pivot Spacer.
- c Remove the C-Clamp or Grommet Base.

***Note:** You may need to loosen the Base Set screw to remove the Base.

2 Remove Antenna Center Beam Side Mount From Center Beam

If installed, remove the Knoll Antenna Center Beam Side Mount from the Center Beam according to manufacturer instructions. You will need to access the bottom of the unit to attach the adaptor.

3 Attach Knoll Antenna Adaptor to the Center Beam Side Mount

Place the Antenna Adaptor (A) onto the Knoll Center Beam Side Mount. Use the bottom screw from the Antenna System to affix the Center Beam Side Mount to the Antenna Adaptor.

4 Re-Attach Center Beam Side Mount With Antenna Adaptor to Center Beam

Use the screws supplied with Antenna System to re-attach the Center Beam Side Mount unit with the Antenna Adaptor to the Center Beam of the Antenna System.

5 Reassemble and Mount Poise Monitor Arm to Antenna Adaptor

- a** Place the Plastic Pivot Spacer, then the Poise Arm Assembly, onto the Antenna Pivot Pin. Once inserted, place the Disc Spring Washer, and Steel Washer onto the Pivot Pin.
- b** Attach Monitor arm assembly to Antenna System with the Button Head Allen Cap Screw using the 5 mm Allen Wrench and cap off with the Pivot Cover Cap.
- c** Insert and tighten Set Screw (B) with the 2.5 mm Allen Wrench (C) to lock monitor arm on Antenna Adaptor.
