

SMOOTH & STRONG

The Poise-Heavy Duty (HD) is designed to support heavy monitors weighing 18-42 pounds and is the perfect solution for support of older monitors and all-in-one computers. Poise-HD is exceptionally strong and smooth, featuring high density die cast aluminum construction, a nitrogen filled gas strut and spring loaded VESA mount.

Poise-HD is available in two contemporary finishes and comes standard with coordinated C-Clamp and Grommet mounts. A quick release adapter and twin monitor adaptor bracket can also be purchased separately.

The Poise-HD comes with a 10 year warranty and can be relied upon to provide years strength and durability.

Pneumatic cylinders provide easy, fingertip adjustment

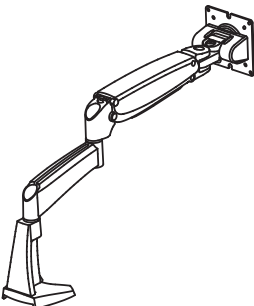

Folds down to just 4" deep.
