

## SIMPLE & SCALABLE

The Sequoia monitor stand was designed to support from 1 to 6 monitors each weighing 1-16 pounds. The system features a C-Clamp or grommet mounted pole that enables users to quickly and easily expand or reduce the number of monitors being used. Create one of 9 different configurations by simply adding pole lengths or arms that can be purchased separately as needed.

Every Sequoia part comes with a 10 year warranty ensuring years of scalability and reliability.

*Modular design available in two heights and three widths for maximum flexibility.*

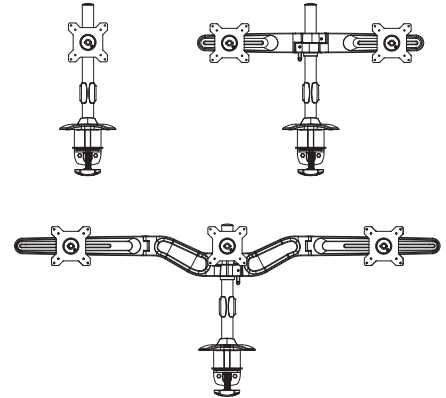

*Sequoia's height range enables portrait orientation for many monitor sizes.*

## Sequoia

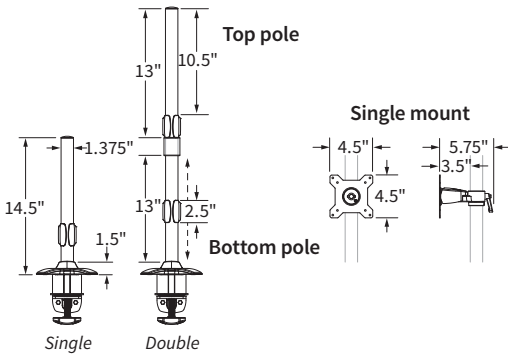

### Specifications

- Supports: One to six 1–16 lb. monitors
- Maximum monitor height: single row of monitors: 25", two rows of monitors: 13.25"
- Maximum monitor width: 23"
