

THE PERFECT BLEND OF STYLE AND FUNCTIONALITY

Workrite's workcenter accessory products provide complete solutions for outfitting the modern workstation.

Select from a wide variety of options for use above the worksurface including tool rails, privacy panels, document holders and above desk power centers, all designed to help create more ergonomic workspaces that allow users to work comfortably and efficiently throughout the day.

Workrite's accessory products are not only compatible with our adjustable height workcenters, they can also be used with many of the most popular furniture systems and other workstations in the market today.

The Sierra Privacy Panel includes frosted acrylic panels.

The Above-Desk Power/Data Supply is ideal for 24" deep workcenters.
