SIERRA ADJUSTABLE WORK CENTERS

At Workrite, we believe in doing the “rite thing” when it comes to our products, customers and the environment. We are leading by example to more green-conscious and healthy workplace environments.

Workrite continues to lead by example with the 2008 release of the eco-conscious Workrite Soleil™ LED task light that brings style without sacrificing sustainability in the workplace.

Recognizing the importance of green building efforts on a larger scale, Workrite Ergonomics has become a proud member of the U.S. Green Building Council. We bring our green program full-circle with the commitment to meet our customers’ needs for LEED information. To support your LEED project efforts, our Specification Guide includes product model number specific LEED eligibility information with recycled content and other green or LEED-eligible features.

Our product development efforts are integrated from initial concept to final product, to ensure that our sustainability initiatives will be met. Workrite products incorporate recycled, recyclable and regionally-produced materials whenever possible. Our products are energy-efficient and exceed the stringent California Air Resources Board (CARB) requirements for indoor air quality.

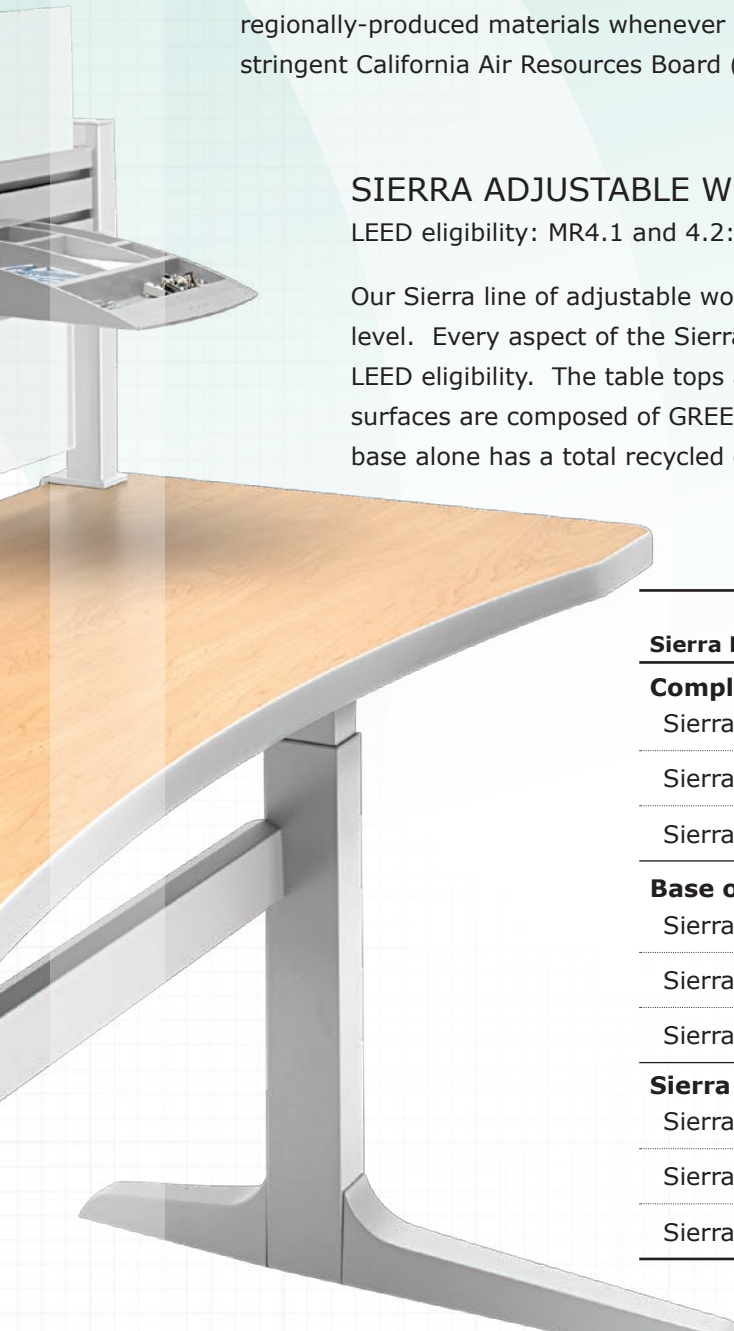

## SIERRA ADJUSTABLE WORKCENTERS

LEED eligibility: MR4.1 and 4.2: **2 Points**

Our Sierra line of adjustable workcenters brings innovation and eco-consciousness to a new level. Every aspect of the Sierra Workcenter supports environmental sustainability and LEED eligibility. The table tops are made from 100% recycled fiber cores and our laminate surfaces are composed of GREENGUARD® indoor air quality certified materials. The table base alone has a total recycled content over 31% across the entire Sierra table line.

**Sierra Workcenter *Minimum* recycled content**

Sierra Product	Post-Consumer	Pre-Consumer	LEED Recycled Content
<b>Complete Table</b>			
Sierra Electric	18%	37%	36%
Sierra Crank	15%	54%	42%
Sierra Pin	13%	60%	43%
<b>Base only</b>			
Sierra Electric	22%	18%	31%
Sierra Crank	22%	22%	34%
Sierra Pin	15%	40%	35%
<b>Sierra Accessory</b>			
Sierra Privacy Panel	9%	3%	16%
Sierra Tool Bar	9%	3%	14%
Sierra Modesty Screen	30%	47%	54%

**Sierra Workcenter components LEED recycled content**

Component	Post-Consumer	Pre-Consumer	LEED Recycled Content
Laminate Top	0%	100%	50%
Legs*	20%	10%	25%
Feet	90%	5%	93%
Cross-bar	10%	34%	27%

\* Excludes adjustment mechanism

**ADJUSTABLE KEYBOARD SYSTEMS**

LEED eligibility: MR 4.1 and 4.2: **2 Points**

Workrite adjustable keyboard platforms are engineered to have a reduced impact on the environment while supporting healthy work postures and increased productivity. Our Ultra Thin platforms are made from GREENGUARD indoor air quality certified materials so that no harmful chemicals are introduced into your workspace. Wherever possible we avoid the use of virgin materials; our Classic™ boards support this effort with 100% recycled fiber cores while our highly regarded Pinnacle 2 keyboard arms feature a minimum 48% total recycled content.

**Adjustable Keyboard Systems *Minimum* recycled content**

Preconfigured Keyboard System	Track Length	Post-Consumer	Pre-Consumer	LEED Recycled Content
<b>Workrite</b>				
Banana-Board®	17"/22"	6%/7%	30%/31%	21%/22%
Advantage-Dual	17"/22"	6%/7%	30%/31%	21%/22%
Advantage-Single	17"/22"	7%/7%	32%/33%	23%/23%
Standard Platform	17"/22"	6%/7%	68%/66%	40%/40%
<b>Idea at Work</b>				
Mouse-Over	18"/21"	6%/7%	28%/30%	20%/21%
Dual Mouse-Forward	18"/21"	5%/6%	26%/27%	18%/19%
Single Mouse-Forward	18"/21"	6%/6%	28%/30%	20%/21%
In-Line	18"/21"	6%/7%	31%/32%	22%/23%

Please contact us for the exact recycled content of specific model numbers.

TASK LIGHTING

## TASK LIGHTING

LEED eligibility: EA 1.1, EA 1.2, MR 4.1, MR 4.2: **4-6 Points**

From workcenters to lighting, we support every aspect of your work space with style and sustainability. The Workrite Soleil™ represents the best the industry has to offer in green-conscious ergonomic task lighting. Using only 9 watts of power, the Workrite Soleil also features a minimum of 60% recycled content minimizing impact on our limited natural resources. The Workrite Soleil features a sleek VOC-free powder-coat finish, supporting healthy indoor air-quality. With LED technology, the Workrite Soleil is rated to last over 20 years with normal use, and at the end of those 20 years the shade, arms and base are fully recyclable. In addition to cutting edge LED task lighting we offer an energy-efficient choice for undermount lighting with our Dazz—SL™ line of T5 fluorescent fixtures. By using Workrite Soleil and Dazz—SL fixtures you can be sure you will make significant reductions in the overall energy consumption levels of your workspace.

### Workrite Soleil LED task light recycled content

Mounting	Post-Consumer	Pre-Consumer	LEED Recycled Content
Table base	80%	12%	86%
Clamp	33%	30%	48%
Sierra tool bar	33%	30%	48%

### Dazz—SL undermount light recycled content

Dazz—SL	Post-Consumer	Pre-Consumer	LEED Recycled Content
24"	18%	0%	18%
36"	16%	0%	16%
48"	15%	0%	15%

At Workrite we care about our environment and yours.
