Workrite Ergonomics among Top 10 Brands for Computer Support

Contract Magazine 2009 Annual Survey Results Recognize Workrite Ergonomics

Petaluma, Calif., February 26, 2010 - Workrite Ergonomics is proud to have been ranked #8 in the US among Design Professionals. Workrite was ranked among the top 10 brands for computer support tools, including such products as adjustable keyboard platforms, flat panel monitor arm supports and laptop stands. "This award reflects Workrite's continued efforts to assess the needs of employees who work in computer intensive work environment and to develop products that improve employee comfort and productivity" notes Dana Perkins, Vice President Marketing. This award also reflects Workrite's ability to meet the needs of a wide range of companies. In addition to having supplied most of the Fortune 100, Workrite products can be found in thousands of small companies and organizations across the country.

Survey methodology –

Respondents were asked to identify the top three manufacturers in a given product category. Respondents were instructed to only respond for categories with which they have familiarity. All responses were unaided. No brand name prompts or lists were provided.
